About Us

We are a trusted supplier of medical and surgical products, committed to delivering quality, safety, and reliability to healthcare professionals, hospitals, clinics, and distributors.

Our product range includes surgical disposables, medical consumables, hygiene products, and essential healthcare supplies, carefully sourced and quality-checked to meet industry standards. We focus on products that ensure patient safety, clinical efficiency, and everyday usability.

OUR MISSION

To design and deliver reliable, clinically validated medical products that improve patient outcomes and make caregivers work safer and simpler

OUR VISION

To be global benchmark for affordable, innovative, and sustainable healthcare solutions, touching lives across every continuum of care.

OUR VALUES

Quality, Integrity, Service. Sustainability. We deliver safe, trusted products through ethical practices, fast support, and eco-conscious manufacturing

- All our medical and surgical products are manufactured and sourced following strict quality and hygiene standards to ensure safe usage in healthcare environments
- We offer a comprehensive range of medical disposables, surgical supplies, and daily healthcare products suitable for hospitals, clinics, pharmacies, and home care use
- Our products are designed to maintain cleanliness and reduce the risk of infection, making them ideal for professional medical and surgical applications.
- We maintain a steady supply chain to ensure uninterrupted product availability, even for bulk and regular requirements.
- We focus on understanding customer needs and providing prompt support, timely delivery, and long-term service satisfaction.
- Each product is carefully packed to prevent damage, contamination, and moisture exposure during storage and transportation.

MediEssentials Range

The MediEssentials Range includes a comprehensive selection of everyday medical products designed to support routine healthcare needs across hospitals, clinics, and home care settings. These essential items focus on maintaining hygiene, ensuring patient comfort, and assisting healthcare professionals in delivering efficient and reliable care.

Disposable Examination Gloves (Nitrile)

Size S, M, L

Material Nitrile

B101

- ✓ Made from high-quality nitrile material
- ✓ Powder-free for better hygiene
- ✓ Strong and puncture resistant
- ✓ Excellent grip and tactile sensitivity
- ✓ Comfortable and flexible fit
- ✓ Disposable and hygienic for infection control

Disposable Examination Gloves (Latex)

B101

- ✓ Made from high-quality natural latex
- ✓ Excellent elasticity and flexibility for comfortable fit
- ✓ High tactile sensitivity for precise medical procedures
- ✓ Strong and durable for reliable protection
- ✓ Textured surface for better grip
- ✓ Ambidextrous design for easy use

S, M, L

Size

Latex

Material

MEDI ESSENTIALS RANGE

Essential Medical Disposable Supplies

Plastic Gloves

B101

- ✓ Made from high-quality polyethylene (PE) material
- ✓ Lightweight and easy to use
- ✓ Loose fit for quick wearing and removal
- ✓ Waterproof and hygienic
- ✓ Disposable and single-use for hygiene
- ✓ Cost-effective and convenient

B101

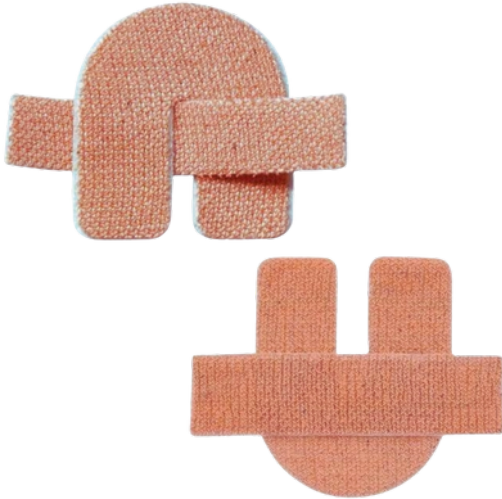

- ✓ Made from high-quality medical grade plastic
- ✓ Smooth edges to prevent injury
- ✓ Strong locking mechanism for secure cord clamping
- ✓ Lightweight and easy to use
- ✓ Sterile and hygienically packed
- ✓ Single-use disposable for infection control

Umbilical Cord Clamp

Cannula Fixator

B101

- ✓ Made from soft, medical-grade adhesive material
- ✓ Securely holds IV cannula in place
- ✓ Hypoallergenic adhesive to reduce skin irritation
- ✓ Strong fixation to prevent cannula movement
- ✓ Easy application and removal
- ✓ Hygienic and disposable

B101

- ✓ Sterile urine sample collection bottle
- ✓ Leak-proof screw cap
- ✓ Transparent body for visibility
- ✓ Wide mouth for easy sample collection
- ✓ Accurate sample handling
- ✓ Single-use disposable design
- ✓ Easy to label

Urine Culture Bottle

30 ML, 50 ML, 100 ML

Size

MEDI ESSENTIALS RANGE

Essential Medical Disposable Supplies

Hot Water Bag

B101

- ✓ Made from high-quality rubber / PVC material
- ✓ Leak-proof design for safe use
- ✓ Provides long-lasting heat retention
- ✓ Soft and flexible body for comfort
- ✓ Easy to fill with secure cap closure

B101

- ✓ Made from high-quality medical grade stainless steel needle
- ✓ Ultra-sharp tip for minimal pain
- ✓ Single-use disposable for infection control
- ✓ Sterile and individually packed
- ✓ Consistent penetration depth for accurate sampling
- ✓ Compatible with most lancing devices

Blood Lancet

MEDIESSENTIALS RANGE

Essential Medical Disposable Supplies

Skin Prep Razor

B101

- ✓ Made from high-quality stainless steel blade
- ✓ Smooth and safe shaving for skin preparation
- ✓ Single blade design to reduce skin irritation
- ✓ Ergonomic handle for better grip and control
- ✓ Disposable and hygienic for infection control

Urine Pot

B101

- ✓ 2-in-1 design for male & female use
- ✓ 1000 ml capacity with graduation markings
- ✓ Can be stored standing or lying
- ✓ Disposable and individually packed
- ✓ Leak-resistant and easy to handle
- ✓ Suitable for hospital, clinic & home care

Bedpan

B101

- ✓ Made from high-quality medical grade plastic
- ✓ Strong and durable for reliable use
- ✓ Ergonomic design for patient comfort
- ✓ Smooth edges to prevent injury
- ✓ Easy to clean and reusable
- ✓ Lightweight and easy to handle

ECG / Ultrasound Gel

B101

- ✓ Non-irritating and skin-friendly
- ✓ Made from high-quality, water-based conductive gel
- ✓ Ensures clear signal transmission for accurate readings
- ✓ Non-greasy and easy to clean
- ✓ Hypoallergenic formulation
- ✓ Safe for regular medical use

Surgical Gown

B101

- ✓ Made from high-quality non-woven medical grade fabric
- ✓ Fluid resistant to protect against blood and body fluids
- ✓ Soft and comfortable for extended wear
- ✓ Full body coverage for maximum protection
- ✓ Suitable for hospitals, operation theatres, and medical procedures

Surgical Apron

B101

- ✓ Made from high-quality medical grade material
- ✓ Fluid resistant to protect against blood and body fluids
- ✓ Lightweight and comfortable for easy movement
- ✓ Full front protection during medical procedures
- ✓ Strong and durable for reliable use
- ✓ Easy to wear with secure tie straps

Plain Sheet

Size 100*150CM, 120*210CM, 120*210 PREM

B101

- ✓ Made from premium LDPE material
- ✓ Waterproof and anti-leakage protection
- ✓ surfaces Suitable for hospital and healthcare
- ✓ Disposable for enhanced hygiene
- ✓ Lightweight and easy to handle
- ✓ Hygienic and safe

Shoe Covers

B101

- ✓ Made from high-quality non-woven medical grade fabric
- ✓ Elastic opening for a secure and universal fit
- ✓ Fluid and dust resistant for better hygiene
- ✓ Durable and tear resistant material
- ✓ Disposable and hygienic for infection control
- ✓ Suitable for hospitals, clinics, laboratories, and clean rooms

Bouffant Cap

B101

- ✓ Soft and breathable non-woven material
- ✓ Universal elastic fit for all head sizes
- ✓ Disposable, hygienic and skin-friendly
- ✓ Prevents hair fall and contamination
- ✓ Ideal for hospitals, labs, kitchens and salons

3-Ply Mask

B101

- ✓ 3-ply protective disposable face mask
- ✓ Anti-dust and particle protection
- ✓ Breathable and lightweight design
- ✓ Single-use and hygienic
- ✓ Soft inner layer for skin comfort
- ✓ Suitable for medical and daily use
- ✓ Box of 100 masks for regular supply

Colour

Baby Kit

Colour Blue, Pink

B101

- ✓ Complete neonatal baby care kit for hospital use
- ✓ Sterile and safe for newborn babies
- ✓ Made from soft, skin-friendly material
- ✓ Suitable for neonatal patients
- ✓ Non-disposable and hygienically packed

Under Pad

B101

- ✓ Made from soft, non-woven top layer for comfort
- ✓ Highly absorbent core for effective fluid retention
- ✓ Waterproof backing to prevent leakage
- ✓ Skin-friendly and breathable material
- ✓ Disposable and hygienic for infection control

Safe Delivery Kit

B101

- ✓ Contains essential items for safe childbirth
- ✓ Sterile and hygienically packed components
- ✓ Helps reduce risk of infection during delivery
- ✓ Easy to use and ready-to-use kit
- ✓ Includes disposable medical supplies

HIV Protection Kit

B101

- ✓ Easy to use and ready-to-use kit
- ✓ Contains essential protective medical components
- ✓ Provides barrier protection against blood and body fluids
- ✓ Sterile and hygienically packed items
- ✓ Helps reduce risk of infection transmission

Woundsecure Range

A comprehensive range of wound care products designed to provide effective protection, maintain hygiene, and support faster healing. Ideal for hospitals, clinics, and home care, these products ensure safe and reliable wound management.

WOUNDSECURE RANGE

Trusted Care for Faster Wound Healing

Plaster of Paris Bandage

Width 7.5 cm, 10 cm, 15 cm

Length 2.7 m, 3 m

B101

- ✓ Made from high-quality cotton gauze coated with plaster of Paris
- ✓ Fast setting time for quick immobilization
- ✓ Smooth and uniform coating for easy application
- ✓ Strong and rigid support after setting
- ✓ Lightweight and comfortable for patients

B101

- ✓ Made from high-quality absorbent cotton with soft non-woven layer
- ✓ Highly absorbent for effective wound fluid management
- ✓ Soft and gentle on wounds
- ✓ Breathable material for patient comfort
- ✓ Low lint formation to reduce contamination risk
- ✓ Easy to apply and remove

Combine Dressing

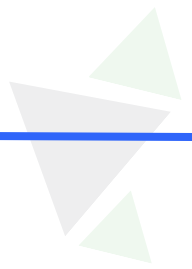

10x10 cm, 10x20 cm

Size

WOUNDSECURE RANGE

Trusted Care for Faster Wound Healing

Adhesive Tape (Spool Type)

Width 2.5 cm, 5 cm, 7.5 cm, 10 cm

Length 5 m

B101

- ✓ Spool design for easy dispensing and storage
- ✓ Made from high-quality medical grade material
- ✓ Strong adhesive for secure fixation
- ✓ Skin-friendly and hypoallergenic
- ✓ Flexible and conformable to body contours

Adhesive Tape (Bamboo Type)

B101

- ✓ Made from high-quality breathable fabric (bamboo type)
- ✓ Strong adhesive for secure fixation
- ✓ Skin-friendly and hypoallergenic
- ✓ Flexible and conformable to body contours
- ✓ Comfortable for long wear
- ✓ Leaves minimal residue on removal

B101

- ✓ Microporous surgical paper tape
- ✓ Gentle adhesion suitable for sensitive skin
- ✓ Latex-free & hypoallergenic
- ✓ Highly breathable to maintain skin health
- ✓ Securely fixes dressings & medical devices
- ✓ Easy hand-tear design

Baby Wipe

B101

- ✓ Soft and gentle on baby's sensitive skin
- ✓ Made from high-quality non-woven fabric
- ✓ Ideal for diaper change, face and hand cleaning
- ✓ Skin-friendly and safe for daily use
- ✓ Convenient pack of 72 wipes

WOUNDSECURE RANGE

Trusted Care for Faster Wound Healing

Elastic Adhesive Bandage

Size 10CM*1M, 10CM*4/6M

B101

- ✓ Smart compression with low elasticity for stable support
- ✓ Premium breathable cotton keeps skin comfortable
- ✓ Suitable for knee, elbow, wrist, ankle and general joint areas
- ✓ Ideal for sprains, strains, dislocation and sports injuries
- ✓ Durable fast-edge stitching for long-lasting use

Cotton Crepe Bandage

B101

- ✓ Made from high-quality cotton with elastic weave
- ✓ Excellent stretch and flexibility for support
- ✓ Provides firm compression and secure hold
- ✓ Soft and skin-friendly for comfortable wear
- ✓ Breathable material for long-duration use
- ✓ Reusable and washable

Size

AnestroResp Care Range

A specialized range of respiratory care products designed to support effective breathing and oxygen therapy. These products ensure safe, hygienic, and reliable respiratory support across hospitals, clinics, and home care settings

Suction Catheter

Size

6 FG, 8 FG, 10 FG, 12 FG, 14 FG, 16 FG, 18 FG, 20 FG

B101

- ✓ Made from high-quality medical grade PVC material
- ✓ Color-coded connector for easy size identification
- ✓ Smooth, rounded tip to minimize tissue trauma
- ✓ Single-use disposable for infection control
- ✓ Multiple lateral eyes for efficient suction

Nasal Oxygen Cannula

B101

- ✓ Soft nasal prongs for comfortable oxygen delivery
- ✓ Lightweight and flexible tubing
- ✓ Allows patient to talk, eat & move freely
- ✓ Adjustable fit for secure placement
- ✓ Transparent, medical-grade material
- ✓ Disposable and hygienic

Adult, Neonatal & Pediatric

Size

Oxygen Mask

Size

Child, Adult

B101

- ✓ Single-use disposable oxygen mask
- ✓ Soft, transparent medical-grade material
- ✓ Elastic head strap for secure placement
- ✓ Comfortable fit with gentle edges
- ✓ Adjustable nose clip for better sealing

Nebulizer Mask

B101

- ✓ Pediatric nebulizer mask (medium size)
- ✓ Soft polyurethane material for child comfort
- ✓ Lightweight and easy to use
- ✓ Disposable design for hygiene and safety
- ✓ Secure and comfortable facial fit
- ✓ 2-meter tube for ease of movement
- ✓ Ideal for nebulized breathing therapy

Child, Adult

Size

Suction Tube With Connector

B101

- ✓ Made from high-quality medical grade PVC material
- ✓ Flexible and kink-resistant tubing for smooth suction flow
- ✓ Strong and leak-proof connection
- ✓ Transparent tubing for easy monitoring
- ✓ Durable and reliable for continuous use

B101

- ✓ Made from high-quality medical grade material
- ✓ Provides accurate and controlled oxygen delivery
- ✓ Adjustable elastic strap for secure fitting
- ✓ Soft mask with anatomical design for patient comfort
- ✓ Kink-resistant tubing for uninterrupted oxygen flow

Ventury Oxygen Mask With 7-Dial

Adult

Size

Catheter Mount

B101

- ✓ Made from high-quality medical grade material
- ✓ Flexible and lightweight for easy positioning
- ✓ Kink-resistant tubing for uninterrupted airflow
- ✓ Secure connectors for tight and leak-proof fit
- ✓ Transparent design for easy monitoring

B101

- ✓ Made from high-quality medical grade plastic
- ✓ Three-ball system for visual breathing exercise
- ✓ Helps improve lung capacity and respiratory strength
- ✓ Clear chamber for easy monitoring of progress
- ✓ Lightweight and easy to use

3-Ball Respiratory Exerciser

Re-Breathing Bags

B101

- ✓ Made from high-quality medical grade latex / non-latex material
- ✓ Highly flexible and durable for repeated use
- ✓ Compatible with anesthesia and breathing circuits
- ✓ Smooth surface for easy handling and cleaning
- ✓ Leak-proof design for safe ventilation

AnestroResp Care Range

A range of respiratory care products designed for safe and effective breathing support and oxygen therapy.

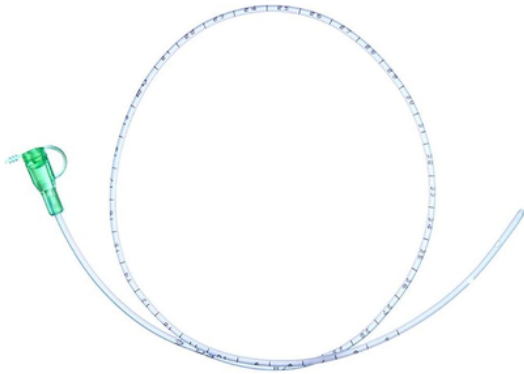

MEDOMET

Medical Device & Surgical Products

GastroCare Range

A comprehensive range of products designed to support gastrointestinal care and enteral feeding requirements. These solutions help ensure safe, hygienic, and efficient management of digestive health, offering comfort and reliability for patients in hospitals, clinics, and home care settings.

Infant Feeding Tube

Size

5 FG, 6 FG, 7 FG, 8 FG, 9 FG, 10 FG

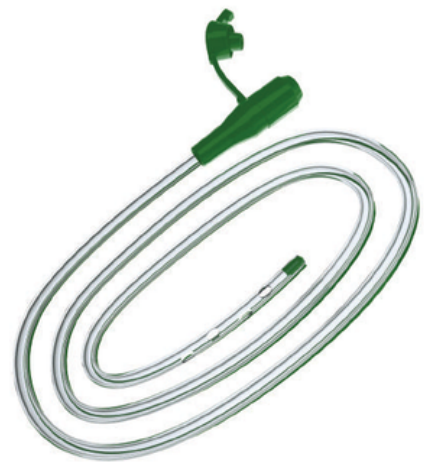

B101

- ✓ Made from soft, medical grade PVC material
- ✓ Smooth and rounded tip for safe insertion
- ✓ Graduated markings for accurate placement
- ✓ Color-coded connector for easy size identification
- ✓ Suitable for neonatal and infant feeding procedures

Ryle's Tube

B101

- ✓ Made from high-quality medical grade PVC material
- ✓ Soft, flexible, and kink-resistant tubing
- ✓ Smooth rounded tip for easy and safe insertion
- ✓ Graduated markings for accurate placement
- ✓ Radio-opaque line for X-ray detection

8 FG, 10 FG, 12 FG, 14 FG, 16 FG, 18 FG, 20 FG

Size

SurgiBase Range

A comprehensive range of essential surgical products designed to support safe and efficient medical procedures. These solutions ensure hygiene, reliability, and ease of use, making them ideal for hospitals, clinics, and healthcare settings.

Yankauer Suction Set

B101

- ✓ Made from high-quality medical grade material
- ✓ Includes Yankauer handle with suction tube
- ✓ Rigid handle with smooth tip for effective suction
- ✓ Ergonomic design for better grip and control
- ✓ Transparent tube for easy monitoring

Abdominal Drainage Kit

B101

- ✓ Contains essential components for abdominal drainage procedures
- ✓ Made from high-quality medical grade materials
- ✓ Efficient fluid drainage system
- ✓ Kink-resistant tubing for smooth flow
- ✓ Leak-proof and secure connections

SURGIBASE RANGE

Essential Solutions for Surgical Procedures

Surgical Blade

Filament 3 10, 11, 12, 15

Filament 4 20, 21, 22, 23, 24

B101

- ✓ Ultra-sharp precision cutting edge
- ✓ Made from high-quality stainless steel
- ✓ Sterile & individually packed for safety
- ✓ Consistent performance for smooth incisions
- ✓ Compatible with standard surgical handles

Skin Stapler

B101

- ✓ Made from high-quality medical grade material
- ✓ Preloaded sterile staples for ready use
- ✓ Quick and precise wound closure
- ✓ Minimal tissue trauma and scarring
- ✓ Ergonomic design for easy handling
- ✓ Consistent staple formation for secure closure

Nephro-Uro Care Range

A comprehensive range of products designed to support kidney and urinary care. These solutions ensure safe, hygienic, and efficient management of urological needs, providing comfort and reliability for patients in hospitals, clinics, and home care settings.

NEPHRO-URO CARE RANGE

Reliable Products for Renal and Urological Care

Latex Foley's Catheter (2 Way, 3 Way)

Size

6 FR, 8 FR, 10 FR, 12 FR, 14 FR, 16 FR, 18 FR,
20 FR, 22 FR

B101

- ✓ Made from high-quality natural latex
- ✓ Soft and flexible for patient comfort
- ✓ Smooth surface for easy insertion
- ✓ Balloon tip for secure placement in bladder
- ✓ Color-coded valve for easy size identification

100% Silicon Foleys Catheter

B101

- ✓ Made from 100% medical grade silicone
- ✓ Biocompatible and latex-free to reduce allergy risk
- ✓ Soft and flexible for enhanced patient comfort
- ✓ Smooth surface for easy and atraumatic insertion
- ✓ Balloon tip for secure retention in bladder
- ✓ Sterile and individually packed

6 FR, 8 FR, 10 FR, 12 FR, 14 FR, 16 FR, 18 FR

Size

NEPHRO-URO CARE RANGE

Reliable Products for Renal and Urological Care

Male External Catheter

Size 20 MM, 25 MM, 30 MM, 35 MM, 40 mm

B101

- ✓ External catheter for male use
- ✓ Helps manage urinary incontinence
- ✓ Compatible with urine collection bags
- ✓ Made from soft natural latex
- ✓ Comfortable and secure fit
- ✓ Easy to apply and remove
- ✓ Disposable for hygienic use

Urine Bag Premium

B101

- ✓ Made from 100% medical grade silicone
- ✓ Biocompatible and latex-free to reduce allergy risk
- ✓ Soft and flexible for enhanced patient comfort
- ✓ Smooth surface for easy and atraumatic insertion
- ✓ Balloon tip for secure retention in bladder
- ✓ Sterile and individually packed

2000 ML

Size

NEPHRO-URO CARE RANGE

Reliable Products for Renal and Urological Care

Pediatric Urine Collection Bag

Size

100 ML

B101

- ✓ Specially designed for pediatric use
- ✓ Soft, skin-friendly adhesive
- ✓ Leak-proof and secure sealing
- ✓ Transparent bag for easy monitoring
- ✓ 100 ml urine capacity
- ✓ Easy to apply and remove

Uro Meter

B101

- ✓ Sterile and hygienically packed
- ✓ Made from high-quality medical grade material
- ✓ Clear, transparent body for easy visibility
- ✓ Graduated scale markings for precise readings
- ✓ Anti-reflux valve to prevent backflow
- ✓ Kink-resistant tubing for uninterrupted flow

MEDOMET

Medical Device & Surgical Products

FlowLine Range

A comprehensive range of products designed for efficient fluid management and infusion therapy. These solutions ensure safe, controlled, and precise fluid delivery, supporting healthcare professionals in providing reliable patient care across hospitals, clinics, and home settings.

FLOWLINE RANGE

Precision Solutions for IV and Fluid Administration

Intravenous Cannula (IV Cannula)

Size 16G, 18G, 20G, 22G, 24G, 26G

B101

- ✓ Made from high-quality medical grade material
- ✓ Sharp beveled needle for smooth and painless insertion
- ✓ Kink-resistant catheter for continuous flow
- ✓ Transparent flashback chamber for easy vein access confirmation
- ✓ Sterile and individually packed

3-Way Stop Cock

B101

- ✓ Made from high-quality medical grade material
- ✓ Three-way flow control for multiple line management
- ✓ Smooth rotating valve for easy operation
- ✓ Leak-proof and secure connections
- ✓ Transparent body for easy fluid monitoring
- ✓ Luer lock compatibility for secure fitting

FLOWLINE RANGE

Precision Solutions for IV and Fluid Administration

3-Way Stop Cock with Extension Line

Size(CM) 10, 25, 50, 100, 200

B101

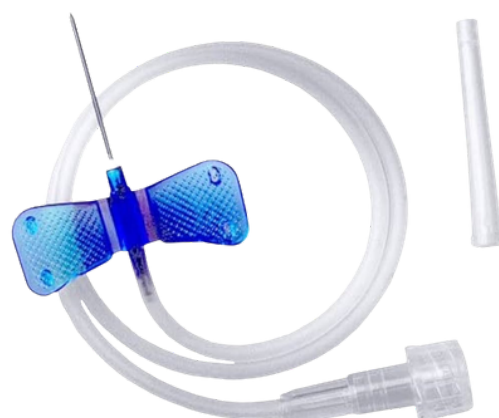

- ✓ Made from high-quality medical grade material
- ✓ Three-way flow control for efficient line management
- ✓ Integrated extension line for added flexibility
- ✓ Kink-resistant tubing for uninterrupted fluid flow
- ✓ Leak-proof and secure luer lock connections

Scalp Vein Set

B101

- ✓ Made from high-quality medical grade material
- ✓ Ultra-sharp needle for smooth and easy insertion
- ✓ Soft, flexible wings for better grip and fixation
- ✓ Sterile and individually packed
- ✓ Kink-resistant tubing for uninterrupted flow
- ✓ Transparent tubing for easy blood flow monitoring

18 G, 20 G, 21 G, 22 G, 23 G, 25 G, 27 G

Size

MEDOMET

Medical Device & Surgical Products

Infucare Range

A comprehensive range of infusion therapy products designed to ensure safe, accurate, and efficient delivery of fluids and medications. These solutions support reliable IV care, helping healthcare professionals maintain high standards of patient safety across hospitals, clinics, and home care settings.

IV Set (Non-Vented)

B101

- ✓ Made from high-quality medical grade material
- ✓ Non-vented design for use with collapsible fluid containers
- ✓ Sharp spike for easy bottle/IV bag penetration
- ✓ Transparent drip chamber for flow monitoring
- ✓ Kink-resistant tubing for smooth fluid flow

IV Set (Vented)

B101

- ✓ Made from high-quality medical grade material
- ✓ Vented spike for use with rigid containers (glass bottles)
- ✓ Air vent with bacterial filter for safe air entry
- ✓ Sharp spike for easy penetration
- ✓ Transparent drip chamber for flow monitoring
- ✓ Kink-resistant tubing for smooth fluid flow

Micro Infusion Set (Non-Vented)

B101

- ✓ Made from high-quality medical grade material
- ✓ Non-vented design for use with collapsible IV bags
- ✓ Micro drip (60 drops/ml) for precise fluid control
- ✓ Kink-resistant tubing for smooth flow
- ✓ Roller clamp for controlled infusion rate

B101

- ✓ Made from high-quality medical grade material
- ✓ Vented spike for use with rigid containers (glass bottles)
- ✓ Air vent with bacterial filter for safe air entry
- ✓ Micro drip (60 drops/ml) for precise fluid control
- ✓ Transparent burette chamber for accurate measurement
- ✓ Kink-resistant tubing for smooth flow

Micro Infusion Set (Vented)

Blood Transfusion Set (Regular)

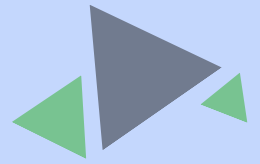

B101

- ✓ Made from high-quality medical grade material
- ✓ Integrated blood filter to remove clots and particles
- ✓ Sharp spike for easy insertion into blood bag
- ✓ Transparent drip chamber for flow monitoring
- ✓ Kink-resistant tubing for smooth flow

Infucare Range

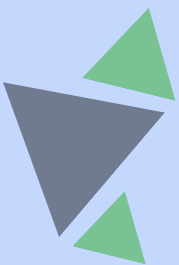

A range of infusion therapy products designed for safe, accurate, and reliable fluid and medication delivery.
